## **HB Communications is Awarded State of Connecticut 5 Year Contract**

**North Haven, CT September 27, 2005** – HB Communications Inc., the leading provider of technology solutions for audiovisual (AV), video and professional audio needs, has been awarded a five year contract from the State of Connecticut, beginning on September 27, 2005.

The contract award schedule includes the procurement of audio-visual, projection, new media and photographic equipment, as well as screens and displays.

Major manufacturers represented in this contract include Mitsubishi, JVC, Sony, Avid, Apple, Grass Valley, Digital Rapids, Hitachi, Polyvision, VBrick, Panasonic, Sharp, Shure, Crestron and Smart Technologies.

In addition to equipment, this contract also includes service, engineering, project management, design and consulting. For repairs, HB Communications will provide specific flat rates and perform most of the service in its North Haven, CT facility.

This facility, which is also HB Communications Headquarters, employs 7 full time service technicians and stocks over \$500,000.00 in spare parts. Products which will be serviced under this contract include projectors, plasma and video displays, laser disc equipment and intercom systems. This new 5 year contract is effective through July 31, 2010.

### **About HB Communications**
